Twitter: @colleen_chien

Associate Professor (Tenured), Santa Clara University School of Law (08/07–present)

Teach high-technology and related courses: Patents, International Intellectual Property, and Remedies. High Technology Advisory Board Member; Service to Curriculum, Hiring and Recruitment, Dean Search, Admissions, Academic Success Program/Legal Research and Writing, and other Committees. Adviser to Computer and High Technology Law Journal, member of High Tech Advisory Board.

Visiting Senior Scholar, Berkeley Law School (01/15-06/15)

Researched, wrote, and presented on intellectual property research.

Senior Advisor, then Consultant to the Chief Technology Officer (CTO) of the United States, Intellectual Property and Innovation, White House Office of Science and Technology Policy (09/13-12/16)

Advised CTO and helped formulate Obama Administration policy on issues related to intellectual property, innovation, privacy, open government, and civil liberties. Worked on interagency teams to develop and carry out executive priorities and public-private initiatives to: improve patent quality, increase access to pediatric AIDS medicines, broaden the reach of educational innovation, advance China-US intellectual property diplomacy, streamline international science and technology cooperation, advance literacy, US government open data, and access to reading materials for children in need.

Associate, then Special Counsel, then Fenwick & West IP Scholar, Fenwick & West LLP (11/02–12/05, 08/06–09/13)

Prosecuted computer system, software, and mechanical patents. Counseled technology clients on patent and copyright issues. Member of the Intellectual Property & Patent groups, and Pro Bono committee. Election Protection volunteer coordinator, 2004–2006.

Fellow, Stanford Law School (Center for Law and Biosciences) (01/06–08/06)

Researched, presented, and wrote on intellectual property and access to medicines issues.

Analyst, Dean & Company Strategy Consulting (01/98–06/99)

Worked on teams to solve strategic and operational business problems of technology clients. Designed, executed, and presented analyses and recommendations to senior management on inform management of investor expectations.

Fulbright Scholar, the Philippines (01/97–10/97)

Investigated and wrote investigative journalism articles on energy and environment issues for major national newspapers as a Fellow at the Philippine Center for Investigative Journalism. Investigation on a power plant project credited with catalyzing government probe. Finalist for top national award in investigative journalism.

Spacecraft Engineer, NASA/Jet Propulsion Lab (06/92–09/92, 06/93–01/94)

Carried out various aspects of spacecraft design, management, and analysis. Coordinated systems issues and designed, procured, and tested solar power subsystem for weather and telecommunications probe. Analyzed ozone depletion chemical species data from Microwave Limb Sounder.

EDUCATION

Berkeley Law School

JD 2002 Prosser Award in Legal Ethics; Foley & Lardner Intellectual Property Writing Prize
Board Member, Boalt.org (public interest and technology student group) & Asian American Student Association, Member, Berkeley Technology Law Journal

Stanford University

B.S. 1996 Engineering & B.A. 1996 Science, Technology and Society, with Distinction
Goldman Honors, Institute for International Studies

SELECTED SCHOLARLY PUBLICATIONS
